

# Internet Safety

Tips and advice about how to stay safe online Autumn 2020

Online safety is an ongoing priority for schools and families this year as a result of children spending more and more time on screens during the pandemic. This year at Dimple Well Infants, we are focussing on using technology in a positive and purposeful way.

Children's story books about online safety:

In each year group, we will be exploring these different ways that technology can be used positively:

1. Fundraising
2. News and knowledge
3. Mental and physical change
4. Sharing meaningful photos
5. Keeping in touch
6. Online learning

Thank you to everyone who entered our Autumn photo competition. It was great to see so many entries and children using technology positively. Watch out for future competitions!

## Save the Date

Safer Internet Day 2021 celebrates the amazing range of information and opportunities online, and its potential to inform, connect and inspire us, whilst also looking at how young people can separate fact from fiction.

The campaign focuses on how we can decide what to trust online, supporting young people to question, challenge and change the online world for the better. It will explore how influence, persuasion and manipulation can impact young people's decisions and opinions.
