1	I have very naturally inquisitive children who regularly ask questions about anything and everything. We already answer they'd questions appropriately to their age and level Of understanding. Thus I have no issue with relationships etc being discussed at school, however I don't see the need for it to be made such a huge deal. Websites and books seem a little over the top when discussion, awareness and acceptance should be enough	2/17/2020 11:32 PM
2	I worry that it is introducing young children to things that they perhaps don't need to know about just yet, especially talking in terms of diverse relationships etc. But the safeguarding angle is of course very important.	1/29/2020 11:31 PM
3	I fully support this area to be included in the curriculum, and would support my child in the learning in this area a much as other curriculum areas	1/29/2020 3:29 PM
4	Children should learn about all types of relationships, diversity, consent and safety	1/29/2020 3:03 PM
